

What we were learning about last term...

In Autumn Term 2 our topic was 'Space'. We were learning all about the planets in our solar system, as well as the life of an astronaut!

We had a very exciting day where we all dressed up as astronauts! We acted out the day in the life of Bob, the man on the moon. We had to pretend to do all of his important jobs!

We also celebrated Diwali this term. The children had a go at Indian drumming using Dhol drums.
